

Dear Friends & Family,

Our heartfelt gratitude to everyone who joined us at the Lagos Edition of the Africa Soft Power Climate Change Photo Essay Prize Global Tour. Your wholehearted commitment to amplifying African perspectives and stories in the global conversation around climate change made the event an unforgettable experience.

Special thanks to our partners Fenchurch Group and ARTSPLIT for also making this edition extra special. Your support has been instrumental in educating young Africans about the profound impact of climate change on the continent and fostering crucial conversations on sustainable solutions for a more prosperous future.

The inaugural Africa Soft Power Climate Change Photo Essay Prize has been an incredible journey showcasing the artworks of our artists that poignantly capture the intersection of art, creativity, and climate literacy. Beginning in Nairobi during the Africa Climate Week, then moving to New York for the UN General Assembly, London for Frieze Week, and finally Lagos for Lagos Art Week, this international exhibition has demonstrated the collective strength and support of our community and the importance of climate literacy.

Once again, thank you for being an integral part of this important journey to engage, inspire, and train young Africans about climate change. To partner with us on future initiatives and programs, kindly send an email to
